CARB - 09-05-26-01

In accordance with the provisions of Third Party Certification stipulated within the scope of the Final Regulations Order (FRO) of the Airborne Toxic Control Measure (ATCM) as initiated by the California Air Resources Board (CARB), it is hereby established that the product

**Fibre board MDF E-LE
in the nominal thickness range of 9 mm to 25 mm**

manufactured by

KRONOSPAN Ltd

at his manufacturing site

**KRONOSPAN Ltd
Holyhead Road
Chirk, Wrexham; LL 14 5 NT**

complies with the emission standards of **Phase 2** acc. to table 1 in FRO, § 93120.2 (a) and that the manufacturer meets the requirements with view of Quality Assurance, as set forth in the FRO, Section 93.120,12 Annex 2.

The approved Third Party Certifier (TPC) Entwicklungs- und Prüflabor Holztechnologie GmbH (EPH - TPC No W – 08 - 10) has performed the initial inspection of the manufacturing site and the company-internal production control (FPC) and made an evaluation of the FPC. The initial-type testing of the product has been carried out by an accredited test laboratory. The results of the small scale tests carried out by the manufacturer correlate to the results of the secondary method.

This evaluation is based on the monitoring and the test report:

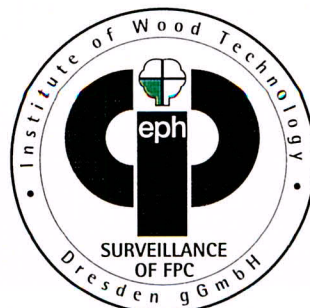

Test Report No. 258293, dated May 26th, 2009

The manufacturer has contractually agreed with TPC Nr. W -08-10 upon quarterly supervision including sampling at the place of manufacture.

This Certificate was issued on May 26th, 2009 and is in force as long as the continuous supervision is carried out by the EPH, unless the requirements and conditions under which this Certificate has been issued will have changed considerably.

May 26th, 2009

Date

Dr. Bernd Devantier
Head of the Third Party Certifier
