Kronospan sponsors kit for kids football teams

Kronospan the Chirk based wood products manufacturer has been busy helping to sponsor local children with brand new football kits.

Every year Kronospan gets asked to donate new kit to local teams. This year the teams which have gained the Kronospan logo are from Llangollen, St Martins, Chirk youth F.C girls' team and Ysgol Cynddelw Glyn Ceiriog. These children now have all the latest gear to help them enjoy the new season.

At Ysgol Cynddelw in Glyn Ceiriog teacher and football coach Deri Jones said, “We have just got the new kit for the junior children. We can play 2 teams of both boys and girls for home matches, local and county tournaments. All the children look very smart in their blue and white kit and are clearly delighted by it. We are very grateful to Kronospan for their sponsorship”.

Mike McKenna Kronospan Works Director said, “It is fantastic to see so many children enjoying themselves and having fun. Kronospan tries to sponsor local causes when it can and we wish them all success on the football pitch”. Kronospan has a policy of sponsoring local events and local people in and around Chirk. Every year it contributes to many charitable projects in Chirk and the surrounding areas including Schools, hospitals and community based projects.
